	STROUDLEY ROAD DANESHILL IND EST BASINGSTOKE HAMPSHIRE RG24 8UG	Owner	Management Team
		Approved	Gary James
		FAA	Martin Fuller
		Doc Release N°	5354

This policy will be run in conjunction with and supported by the Business Management System and the company Health and Safety Management Policy.

May & Scofield are committed to continual improvement and prevention of pollution by the implementation of environmental management measures as a mutual objective for management and employees at all levels.

May & Scofield also endeavors to support the UK Government and its customers in achieving Net Zero 2050 targets by establishing its own Net Zero compliance program.

It is therefore May & Scofield's policy to do all that is reasonable to ensure that any environmental issues are assessed and reviewed in respect to its business operation, encompassing its products, processes, & facilities at all times in compliance with ISO14001:2015 & A12024 London Deceleration on Climate Change.

We will do so by adhering to the following principles to develop and set company environmental objectives and targets [developed by assessment if its process and operation have an impact on climate change](#).

Implementation of integrated management systems and procedures designed to minimise the use of hazardous materials, energy use and other natural resources by good design practices and control of procurement & manufacturing process.

Waste reduction by design or use of materials which can be reused or recycled.

Implementation of waste control, meeting compliance with relevant legislation as a minimum and meeting compliance to applicable consent and Customer environmental specific requirements.

Seek opportunities to improve our environmental performance by establishing company objectives and targets, measuring progress through the implementation and performance of the environmental management system.

We will promote participation and communicate our commitment to responsible environmental management amongst our employees by providing them with the necessary training and support to enable them to implement this policy.

Communication of our policy and requirements to our suppliers and encouraging them to adopt effective environmental management systems, including their support to M & S Net Zero program.

Communication of this policy to other third parties by May & Scofield Web site.

This policy along with the company objectives and targets will be reviewed and up-date by the management team on an annual basis to ensure it's still relevant and reflects May & Scofield Ltd environmental management policy.

Signed:  Gary James MD
